GENERAL TRADING & CONSTRUCTION LTD.

**ALMARHIJ Co.**

**GENERAL TRADING & CONSTRUCTION LTD.**

# General

Almarhij Company for General Trading & Construction Limited is an Iraqi private owned company specializing in construction and civil engineering works. Since 1998, we have been committed to excellency in all projects endeavored by implementing high level expertise and work ethics.

In the past years Almarhij Co. has formed a core of highly qualified and experienced manpower in its different operations, not only to maintain its record of high standards, but to keep improving it. Our staff members are enrolled in several trainings to keep them up-to-date with new techniques and technologies.

With our services and experience, we continue to establish ethical and honest business relationships. Every project faces unique challenges that demand our team's immediate attention and by using our market experience we are able to respond quickly to these challenges.

## Mission

Almarhij Co. is dedicated with a high degree of professionalism, to offer services in the areas of contracting services, civil engineering consultancy, special design project, construction of different kind of buildings such as hospitals, residential complexes, schools, earth & soil works and rehabilitation of building. Our main purpose is to provide and execute high quality technical approaches in construction and all its related services supported by economic feasibility studies.

## Services

Almarhij Co. is proud to offer a long list of services in a wide range of sectors including technical solution and equipment for Civil Infrastructures projects, Road Works and Off-Road projects.

Our clients have different needs, specifications and goals to achieve. Our experts tackle each project in a unique manner to tailor the best solution possible.

## Vision

Become the ideal solution for any private entity to:

- 1- Execute civil projects with world class engineering and technical standards.
- 2- Aim to exceed client satisfaction.
- 3- Offering professionalism in every step of our work.
- 4- Always search a win-win policy with our clients.
- 5- Providing excellent management.

## Values

At Almarhij Co., we set ourselves apart from our competitors by the way we treat our employees and clients. Our company is built on and operates by the following core values and we look for employees who possess these same values.

Incorporating these core values in our daily work, and making them an integral part of our culture, is key to our future success.

## Fields

We are a multi-task company with many areas of operations ranging from Turnkey projects, constructions, medical equipment supply to general investments.

### A-Investments

Includes all types of investments preferably in the medical sector. Uncompromising commitment to Quality, Health, Safety and Environment.

An open relationship with our employees based on mutual trust,

1.respect and success.

2.Teamwork.

3.Professionalism.

4.Transparency.

5.Safety.

### B-Turnkey Projects

It is a Design-Build-Equip Project (DBE) in which all the facilities of the project are delivered to the client with the best standards taking into consideration the interaction between different activities including controlled circulations of the users, building services, equipment, furniture and security. This category includes hospitals (General Hospitals, Educative Hospitals and Specialized Hospitals), health care centers, and rehabilitation building.

### C-General Contract Projects

Includes the construction of different projects such buildings, schools, and roads. It also includes new projects or rehabilitations.

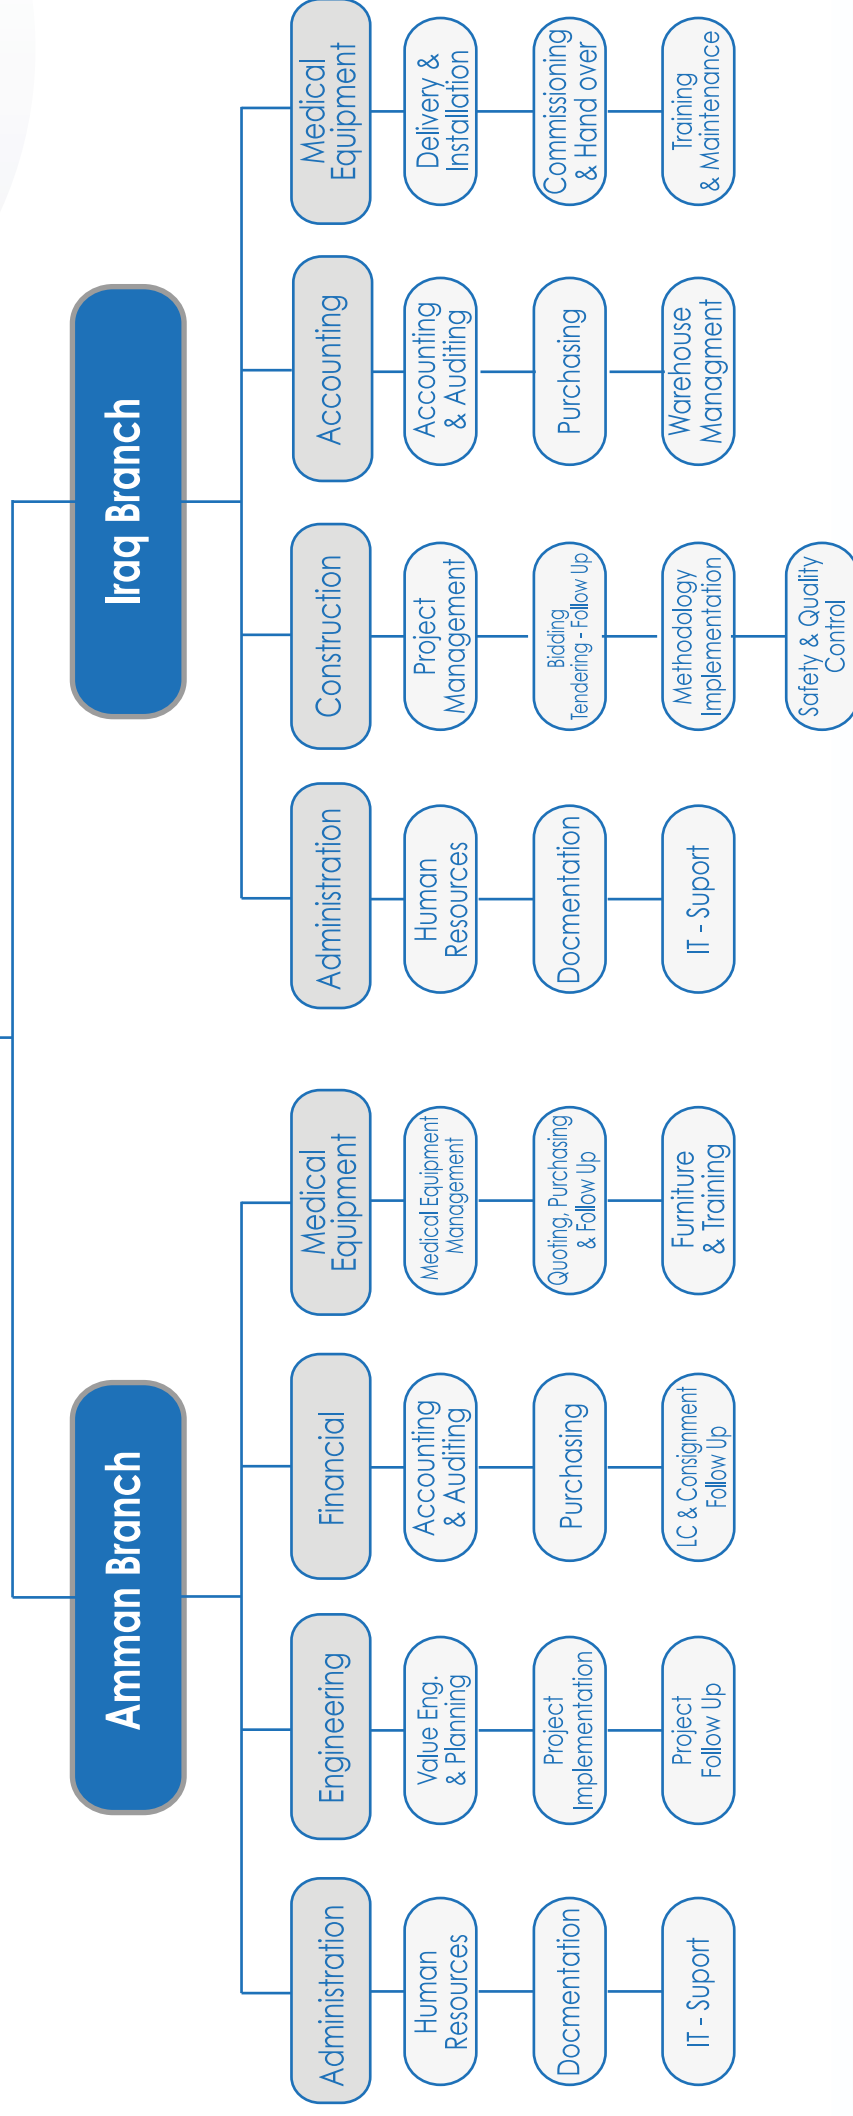

### D-Delivery and Commissioning of Medical Equipment

Includes the planning of the requirements for each specialty in any hospital, receiving offers, purchasing, transportation, delivery, installation and maintenance.

# Organization Chart

**Al Marhij Headquarter**  
**CEO, Bord of Directors**

## **Man Power**

Our company is proud with the staff members who can manage multi-task activities. Our highly qualified staff and the help of computerized facilities resulted in excellent quality management.

Modern technology, good equipment and material base supported by many members in senior staff, from which most of them are high quality Civil Engineers, Architects, Electrical and Mechanical Engineers, Surveyors, Executors, Supervisors, for all types of Construction Works.

## **Qualities of Our Construction**

Regardless of the project function, location, size, or budget, all our projects should have certain common attributes.

1. Efficiency and Cost-Effectiveness
2. Flexibility and Expandability
3. Therapeutic Environment
4. Cleanliness and Sanitation
5. Accessibility
6. Controlled Circulation
7. Aesthetics
8. Security and Safety
9. Sustainability

## **Quality Management**

Almarhij Co. provides general contracting services mainly in Al Anbar Province but also has operated in several provinces in the country, including the capital Baghdad.

Our key to success is the relationship we build with our clients, architects, engineers, and subcontractors. These relationships develop trust and confidence within the construction team and lead into an innovative project management approach.

MINISTRY OF EDUCATION IN  
REPUBLIC OF IRAQ  
HIGH EXCELLENCY MINISTER OF  
EDUCATION

Montemaggiore al Metauro (PU - Italy), 28<sup>th</sup> April 2011

Dear Sirs:

We hereby confirm that our company Schnell House Italia Srl is in agreement with the company AL-MERHIJ (IRAQ) for the provision of the machinery for the production of innovative building elements that are used for residential, industrial, commercial buildings and schools, including in this provision both training on the use of the machines as well as the installation of the finished panels.

Best Regards

**Pierluigi Pettinari**  
*General Manager*

### **MEMORANDUM OF UNDERSTANDING**

**This Memorandum of Understanding** is made and entered into this 24. November, 2012,  
by and between

**AL MARHIJ Company for General Construction and Trading**  
Iraq  
(hereinafter referred to as "AL MARHIJ")

and

**LANGDON WILSON INTERNATIONAL**  
1055 Wilshire Boulevard, suite 1500  
Los Angeles, California , 90017-5633 USA  
(hereinafter referred to LWI)

### **PREAMBLE**

Whereas the Government of Republic of Iraq intends to implement Hospitals in the Republic of Iraq.

Whereas **AL MARHIJ** Co. approached **LWI** with the projects of establishing **general hospitals on basis of turnkey in Iraq** ("the Projects") and will provided **LWI** with all available data and information on the said project;

Whereas **AL MARHIJ** is present in Iraq through its own offices and has the necessary capabilities, relations and expertise and can properly implement and execute the Projects in Iraq with the support and cooperation of **LWI** as its nominated partner.

Whereas **LWI** is an international company specialized in health care projects and has shown interest to be the nominated partner of **AL MARHIJ** for the Projects for the planning, engineering, construction management, and supply of equipment.

Whereas the parties exchanged information on the said projects and expressed interest to jointly pursue this project in their meeting in Amman, Jordan on 24 of November 2012.

### **Now therefore the parties agree as follows:**

"**AL MARHIJ**" and "**LWI**" will form a cooperation to present the best possible offer to the Government of Iraq for selected Projects.

**LWI** will be the Design, Construction Manager, Supervisor and act as General Contractor, and will be responsible for the overall project vis-à-vis the client .

**AL MARHIJ** will be the exclusive nominated partner for the agreed Projects and be responsible for all the Works agreed with **LWI** including posting Performance Bond, Advance Payment Bond, and insurance. Also **AL MARHIJ** will be responsible to execute the construction work on site with their own labour and/ or subcontractors. All this work will be under **LWI** direct supervision.

**AL-MARHIJ**  
CONTRACTING  
COMPANY

AL MARHIJ/ LWI agree to negotiate a detailed cooperation agreement for these projects one by one separately, once AL MARHIJ has assured the clients acceptance of this cooperation for the projects. AL MARHIJ shall not use LWI's name and experience unless LWI and AL MARHIJ has a signed MOU for that particular project.

A joint venture agreement shall be prepared in detail for each project separately after signing this memorandum of understanding.

This Memorandum of Understanding has been executed into two copies, with each parties receiving once copy.
